North Carolina Virtual Public School

Strategic Plan: 2023-2026

One-page Summary

Mission

NCVPS serves diverse learners by expanding educational opportunities through excellent teachers and nationally recognized online courses.

Vision

Challenging Minds
Providing Opportunities
Expanding Equitable Access

Strategic Focus Areas:

Modernization
Modernize NCVPS practices, processes, and systems to align with research-based practices and national standards.

Stakeholder Support
Empower diverse stakeholders to utilize available information to enable engagement in the NCVPS experience to foster success.

Expanding Footprint
Broaden NCVPS footprint in enrollment and hiring diversity, school presence, student supportprograms, teaching models, learning programs, and social media reach.

Data
Ensure that all NCVPS staff have awareness of and access to internal and external data sources and the proper use of that information.

Focus Areas:	Strategic Priorities
Modernization	**1a.** Streamline course technologies to improve functionality, efficiency, and learner experience.
	1b. Develop sustainable in-house training for Quality Matters™.
	1c. Research, develop, and implement updated student support systems.
	1d. Standardize hiring processes and documentation.
	1e. Update SIS functionality and processes to accommodate critical needs.
Expanding Footprint	**2a.** Provide phased in synchronous learning opportunities for core middle school courses to support learners in our courses over the next 3 years.
	2b. Respond to various stakeholder needs by developing supplemental programming that models our best practices.
	2c. Increase intervention responses to low performing schools by 10%.
	2d. Create an NCVPS Ambassador program.
	2e. Develop a comprehensive outreach strategy to broaden our footprint with social media, partnerships, and diversity recruitment.
Stakeholder Support	**3a.** Conduct an internal analysis to identify available resources and potential gaps to develop a comprehensive plan for engaging and supporting stakeholders.
	3b. Based on findings of the internal analysis for stakeholder support, update accordingly.
	3c. Support Implementation of new SIS & Help Desk.
Data	**4a.** Determine and establish protocols for proper data management.
	4b. Build and maintain a user-friendly accessible catalog of data sources for NCVPS Full Time staff by June 2026.
	4c. Create tutorials for accessing and analyzing data sources for staff.
	4d. Empower teachers to use data to improve student experience, engagement, and achievement.
	4e. Create a data calendar that has listed when different types of cross-functional data are updated/available.
