## Why Choose THE NCVPS VIRTUAL ADVANTAGE?

Enrolling with the Virtual Advantage for online courses provides schools, families and students with tremendous flexibility. Our nationally recognized quality online courses meet the highest academic standards that families seek and students deserve.

### Students First

Our teachers work to personalize instruction. We get to know our students so that we can always do what's best for them and not what's easiest for us.

### Teachers Matter

The power of a teacher can never be replaced, regardless of the delivery of instruction. As an online school, we rely heavily on technology, but there is no app for good teaching.

### Communication is Key

We communicate regularly with stakeholders at the school level and with parents of our students. Our maxim: It's all about the relationship!

## Serving HOMESCHOOL AND PRIVATE SCHOOL STUDENTS

Since opening courses to home and private school students in 2012, the number of home and private schools using our program has grown to 677 as families recognize the advantages of partnering with NCVPS.

## COURSE COSTS

All courses are 1 credit except Physical Education and Healthful Living, which are .5 credits each.

Session	In-State Cost Per Course	Out-of-State Cost Per Course
Summer	\$310	\$500
Fall/Spring Block	\$420	\$700
Year-Long	\$510	\$880
Critical Languages*	\$640	\$915

\*Mandarin, Arabic, Japanese, & Russian. Includes Conversation Coach

## Individualized LEARNING FOR ALL STUDENTS

*"As a competitive gymnast, I train around 30 hours per week, which makes it hard to attend traditional school. Much of my high school coursework has been completed through NCVPS. I've been able to balance training, travel, and my schoolwork. Also, many NCVPS courses are NCAA approved, which is very important since I plan to compete in college gymnastics in the future."*  
~ Kate G.

*"NCVPS has been a great experience for my child. I feel that NCVPS has the best teachers. My child was able to work at her own pace and complete assignments ahead of time. She felt she could ask questions and the teachers were always quick to respond. I feel we made the best choice in utilizing your courses for home education. Thank you!"* ~Tandi B.

*"I have used NCVPS for a year now as a homeschooler. I have been extremely pleased with the administration as well as the teachers that my daughter has been assigned to. They have been very active in her learning and stayed in touch thru email and texts thru out the course. I would definitely use NCVPS again and refer them to others."* ~Betsie P.
